

Mapping the landscape of coral reef restoration projects

Background Information on your organisation

Please help us understand more about your organisation and the type of coral reef restoration efforts you are involved in. We would appreciate if your answers were focused on a single project (i.e. a type of restoration effort at a given location or country). Should your organisation be involved in more than one project (i.e. different projects in different countries), then please fill this survey as many times as necessary.

Results from this survey will be used to produce a report mapping the funding landscape of coral reef restoration. Answers may be made publicly available in an online database. Should you wish for your information to remain confidential, please let us know.

Many thanks for your insights!

OK

1. What is the name of your organisation?

2. Would you like your answers to remain confidential?

☐ Yes

☐ No

3. What type of organisation is it?

☐ Non Governmental Organisation
(NGO)

☐ University/scientific Institution

☐ Inter-governmental Organisation

☐ Business

☐ Government

☐ Other (please specify)

4. In what country is your project located?

5. What year was your project started?

6. Is your project ongoing?

☐ Yes

☐ No

7. If no- What year did it end?

8. What are the goal(s) of your restoration effort? (Check all that apply)

- ☐ Sustain/recover coastal protection
- ☐ Sustain/recover fisheries production
- ☐ Sustain/enhance tourism opportunities
- ☐ Promote local coral reef stewardship
- ☐ Raise awareness
- ☐ Re-establish reef ecosystem function
- ☐ Mitigate population declines and preserve biodiversity
- ☐ Mitigate impact and promote resilience in the face of climate change
- ☐ Respond to acute disturbance to accelerate reef recovery
- ☐ Mitigate anticipated coral loss prior to disturbance
- ☐ Research
- ☐ Other (please specify)

9. What methods do you use? (Check all that apply)

- ☐ Direct transplantation
- ☐ Coral gardening
- ☐ Substrate addition (artificial reefs)
- ☐ Substrate manipulations (e.g. stabilisation, algae removal)
- ☐ Larval-based restoration
- ☐ N/A
- ☐ Other (please specify)

10. What is the spatial scale of your restoration effort?

100m square 100km square 1000skm square

11. How much would you estimate the total cost of your project from start to finish (or up until now)?

12. Would you rate your project as successful?

no Somewhat Absolutely

13. If not- why not?

14. If yes- what are your key indicators of success

Mapping the landscape of coral reef restoration projects

Funding information

In this section, please help us understand the type of funding you have received for your project, as well as what you see as key barriers to effectively funding coral reef restoration efforts.

OK

15. Please fill in the following table to describe the primary source of funding received for your project:

	Type of funder	Type of funding	Amount (or estimate)	
Primary funding	<div></div>	<div></div>	<div></div>	

Other (please specify)

15. Please fill in the following table to describe the primary source of funding received for your project:

	Type of funder	Type of funding	Amount (or estimate)
Primary funding	<div> <div>✓</div> <div> Intergovernmental Org National Government Private Sector Philanthropic Foundation Non-Governmental Org Other </div> </div>		
Other (please specify)			

15. Please fill in the following table to describe the primary source of funding received for your project:

	Type of funder	Type of funding	Amount (or estimate)
Primary funding		<div> <div>✓</div> <div> Grant Loan Contract-based financing Prize Fiscal sponsorship Co-financing In-kind Other </div> </div>	
Other (please specify)			

15. Please fill in the following table to describe the primary source of funding received for your project:

	Type of funder	Type of funding	Amount (or estimate)
Primary funding			<div> <div>✓</div> <div> <10K 10k-49K 50K-99K 100K-499K 500K-1m 1m+ </div> </div>
Other (please specify)			

15. Please fill in the following table to describe the primary source of funding received for your project:

Type of funder	Type of funding	Amount (or estimate)	Timeline
<div></div>	<div></div>	<div></div>	<div>✓ 1 year 1-3 years 3-5 years 5 to 10 years 10+ years</div>
se specify)			
<div></div>			

16. Name of primary funder (if appropriate)

17. Please fill in the following table to describe a secondary source of funding received for your project (if applicable):

Type of funder	Type of funding	Amount (or estimate)	1
Other funding	<div></div>	<div></div>	<div></div>
Other (please specify)			
<div></div>			

18. Name of other funder (if appropriate)

19. Please fill in the following table to describe other sources funding received for your project (if applicable):

Type of funder	Type of funding	Amount (or estimate)	1
Other funding	<div></div>	<div></div>	<div></div>
Other (please specify)			
<div></div>			

20. Name of other funder (if appropriate)

21. On average, how often are your funding application successful? (e.g. applications are approved or awarded)

22. In your experience, what are the 3 biggest barriers to effective funding for coral reef restoration projects?

Barrier 1	<input type="text"/>
Barrier 2	<input type="text"/>
Barrier 3	<input type="text"/>

23. Are your funding sources associated with specific monitoring requirements?

☐ Yes

☐ No

24. If yes- do you see that as a positive or a negative?

☐ Very positive

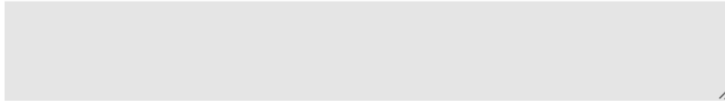

☐ Negative

☐ Positive

☐ Very negative

☐ Neutral

25. Do you have any other comments regarding funding of coral reef restoration efforts you would like to share with us?

Thank you for your time! We will summarise these results and share the findings within 2 months of survey completion. Please do not hesitate to get in touch if you have any additional comment/questions regarding this survey. Email: margaux.hein@my.jcu.edu.au
