

Traditional Saudi outfit (Thobe or Abaya) isn't mandatory for guests, but please avoid tight or revealing clothing. In general, females and males should wear modest clothing that covers both knees and shoulders. Appearing in a public place in an immodest outfit or in clothing that displays pictures, shapes, signs, or phrases offensive to public taste is not permissible.

For the snorkeling fieldtrip, females and males should wear a shorty or long wetsuit. Further guidance is provided in the graphic below.
